

# ② Ticketing Log - STAFF USE ONLY

Collect Harvester's Inspection Pass, weigh or measure each harvest, collect and record payment, and tape a Mill Ticket to each bucket.  
 If a harvest is more than one bucket, use the same Mill Ticket # for the entire harvest, and label each ticket with "1 of 3," "2 of 3," etc.  
 If a Harvester requests that buckets be milled as separate batches, assign a different ticket number to each batch.
